

## CASE STUDY

### Client Overview

Sanjay Book Depot is one of Kanpur's leading educational book distributors, offering a vast inventory of books from almost all major educational publishers. They cater to a wide range of customers, including schools, colleges, and individual buyers, and have built a strong reputation for reliability and availability in the education sector.

## Digitizing Order Management for Sanjay Book Depot, Kanpur

### The Challenge

Sanjay Book Depot faced:

- ✓ Manual order booking processes that were time-consuming and error-prone.
- ✓ Difficulty in managing their large inventory efficiently.
- ✓ Challenges in sending timely and accurate orders to multiple publishers.
- ✓ A growing need for a mobile solution to streamline operations and enhance productivity.

### Our Solutions

#### 1. Android Mobile App Development

We designed and developed a custom Android mobile application that enabled:

- Easy browsing of their extensive inventory.
- Quick and hassle-free order creation for short books.
- Instant transmission of orders to respective publishers for faster processing.
- Basic inventory management features to track book availability and streamline supply chain operations.

#### Key Features Included:

- User-friendly interface optimized for fast ordering.
- Real-time inventory updates and search functionality.
- Automated order summaries for both the distributor and publishers.

# The Results

- 👍 **Operational Efficiency:** Order booking time reduced significantly with digital processes.
- 👍 **Inventory Management:** Better tracking and management of book stocks.
- 👍 **Faster Order Fulfillment:** Quicker and more accurate communication with publishers, leading to faster deliveries.
- 👍 **Business Growth:** Improved service quality and customer satisfaction due to streamlined operations.
